

Say Goodbye to Moisture Related Failures...

Orion® wood moisture meters put *Superior Accuracy, Advanced Technology, and Incredible Versatility* in the palm of your hand.

Are you confident that your wood moisture meter is accurate enough to give you the precise readings you need to avoid moisture related failures?

Put a new *Orion®* wood moisture meter from *Xxxxxx Xxxxxx* in your toolbox...And leave your worries behind!

When you are at a critical stage of your woodworking project, knowing that your wood moisture meter has Superior Accuracy is paramount! When you are at the point of no return, you cannot afford to be anxious or worried that your wood moisture meter will fail you, right?

You no longer have to suffer through the lingering anxiety that comes from using a moisture meter with questionable accuracy. *Xxxxxx Xxxxxx* introduces our new **Orion®** line of **Advanced** and **Versatile** wood moisture meters, that offer complete assurance of **Accurate** readings for the life of the meter.

Xxxxxx Xxxxxx has led the moisture measurement industry since XXXX by providing tested, trusted, and proven technology...backed by unmatched industry expertise, personal service, and product support. The **non-damaging, pinless technology** in the new **Orion®** series of wood moisture meters carry the *Xxxxxx* legacy of superior products forward with features such as:

- Dual depth settings to provide accurate wood moisture readings regardless of thickness.
- Temperature and Relative Humidity (RH) readings with data storage and Bluetooth® SMART link to Woodshop Pro™...apps for iOS® and Android™.
- **IntelliSense™** technology that measures moisture **IN the wood...not ON the wood** and minimizes the effect of surface moisture on meter readings.
- The **Incredibly Advanced Orion®** wood moisture meter has **on-site calibration capability**. Conveniently, putting **Superior Accuracy** always in the palm of your

hand...for the life of the meter! **No need to send it to the company for calibration...EVER!** No other meter has this capability.

All **Orion®** wood moisture meters are supported by an **exclusive 7-year warranty**...found nowhere else in the industry!

The New Xxxxxx Xxxxxx Orion® Wood Moisture Meters...

- Provide far more wood area measurement per reading vs *pin meters*.
- Are capable of reading lower moisture content than *pin meters*.
- Eliminate the cost of broken pins vs. *pin meters*
