Eagle, ID 83616

This unique architectural delight, set in a mature neighborhood warms your senses as you enter this stunning home. A bright, open floor plan greets you as your eyes capture the detailed attention to design. Elegant hardwood floors, architectural wood moldings, and designer colors create a feeling of richness...reminiscent of old world charm meeting modern day design.

A stone-wrapped fireplace, topped with a luxurious wood mantle, will warm you on those cold Idaho mornings. As you peruse through this lovely home, you feel an increasing sense of calm...a confidence that this home should be yours.

Walking into the kitchen gives you pause to realize that you look forward to entertaining your friends. It is a gourmet chef's delight...the pantry...the island...the abundance of natural light!

The quietude of the master suite...with its walk-in shower, huge closet and romantic setting draws you home. There is a bonus...a large bonus room ready for fun, or possibly another guest...your choice.

The only thing missing is you. Today is your day to find your new home.
